**3,000 STUDIES CONFIRM REMEDY FOR HIGH PERFORMANCE PEOPLE**

*"At age 52, I recently recovered from heart disease to run 26 marathons and triathlons last year. In my last race of the year I realized a long-time dream to qualify and run in the Boston Marathon. This year I'm training for my 1st Ironman! Stress is a reality when dealing with the challenges of everyday life. I am passionate about my work, training and competition. Since taking Vitalife, my body is adapting significantly better to the stresses of living, training and competing. I was so excited about this all natural remedy for stress and disease prevention that I bought the company. I perform better and recover faster with more endurance in every aspect of my life."*
